

Mouse Collage

ACTIVITY 1: Make a collage

Choose a picture.

Decide how you would like your picture to look.

There are lots of bits, shapes and patterns to choose from.

You can leave the shapes overlapping or use the rubber and carefully rub out around the lines for a finer finish.

Do you want to save your picture?

Click on the 'snapshot' icon. You can write your name in the box if you like. Click 'yes' to save and 'ok' to continue.

You can look at your picture at any time by clicking on the icon 'visit the gallery'. This is found at the bottom left hand corner of the screen on the main menu.

ACTIVITY 2: Create a background

Select a picture and choose any of the shapes and images to create a background. For an autumn picture, you can add any of the leaves, conkers and acorns. Scatter them along the bottom of your picture.

Choose different textures to make your own trees or bushes. Add a range of colourful flowers.

Think how to make your picture stand out from the background. You can print it out as it is, leaving the actual picture in black and white and colour it brightly in felt pens or you may decide to complete the picture in collage.

Save your work by following the instructions in activity 1.
